

April 19, 2021 – We are pleased to provide an update to residents, families, staff, vendors and guests of Roselani Place on the most recent positive covid-19 test from last week.

After 2 rounds of testing since last week's reported positive result, all staff and residents results came back negative; a total of 216 tests were administered since last week. This morning, the Maui Health District Office has determined our situation to be resolved and the lockdown can be lifted. As such, dining rooms will re-open starting at dinner today. Monthly surveillance testing will resume from here on out.

We are grateful for the help of the Maui Health District Office with their assistance.

Stay safe everyone.

For questions, please email the management company representative for Roselani Place, [karl@psliving.com](mailto:karl@psliving.com), or call the General Manager on site, Faith Gianan at 871-7720.
