

April 26, 2022

Our 1 staff member that tested positive has recovered and has returned to work. There are no active staff cases and no active resident cases to report.

We continue to follow the updated CDC guidance of Work Restrictions for health care professionals with SARS-CoV-2 Infection and Exposures. A total of 91 tests were conducted last week and all results are negative.

We will continue to monitor and remain vigilant regarding COVID cases in the greater Maui community as well, adjusting our testing and visitation parameters as needed.

On behalf of myself and all the staff of Roselani Place, we want to thank our residents and their families for their continued support and understanding as we continue to fight this virus in the community.

If someone is exposed or is experiencing any COVID symptoms, **we are strongly urging visitors to refrain from visiting and re-schedule their visit.**

Thank you,

*Faith Gianan*

General Manager
