

June 21, 2022

Our 2 staff cases are no longer active and both have recovered and have returned to work. Last week a total of 98 tests were conducted and all returned negative.

We continue to follow the updated CDC guidance of Work Restrictions for health care professionals with SARS-CoV-2 Infection and Exposures.

We will continue to monitor and remain vigilant regarding COVID cases in the greater Maui community as well, adjusting our testing and visitation parameters as needed.

Regular visits to the Community to see residents in their room, continue for families and friends. Along with dining with your loved one in any of our three dining rooms. Residents can continue to go out of the facility at a scheduled time to visit with family or friends and return that same day. **We are strongly urging visitors to refrain from visiting and re-schedule their visit if someone is exposed or is experiencing any COVID symptoms.**

On behalf of myself and all the staff of Roselani Place, we want to thank our residents and their families for their continued support and understanding as we continue to fight this virus in the community.

Thank you,

*Faith Gianan*
