

February 15, 2023

To our Residents, Families and Staff of Roselani Place,

We wanted to report that there are no active resident COVID-19 cases, and are grateful those who did have it, have now recovered. There are currently no known staff COVID-19 cases to report at this time either. Flu cases for some residents and staff that we experienced in the last week, have recovered, and their isolation periods have ended. This will be the last update letter unless things change in the future.

Visits to Maluhia Terrace can resume, but we kindly ask that you wear a face mask when visiting any of our residents at Roselani Place.

We want to express our appreciation to Jaelyn Takiguchi MPH, CHES, Epidemiological Specialist, at the Maui District Health Office along with the Maui District Health Lab.

We continue to follow the updated CDC [Interim Guidance for Managing Healthcare Personnel with SARS-CoV-2 Infection or Exposure to SARS-CoV-2 | CDC](#). And we will continue to monitor and remain vigilant regarding COVID cases in the greater Maui community as well, adjusting our testing and visitation parameters as needed.

On behalf of myself and all the staff of Roselani Place, we want to thank our residents and their families for their continued support and understanding as we continue to fight this virus in the community.

**We are strongly urging visitors to refrain from visiting and re-schedule their visit if someone is exposed or is experiencing any flu or COVID symptoms.**

Thank you,

*Faith Gianan*

General Manager  
Roselani Place
